Latasha Ivy Khoe

latasha.ivy.khoe.2006@gmail.com | (+62) 821-2226-9122 | LinkedIn | GitHub | Portfolio

Computer Science student in cloud technology, UI/UX design, and full-stack programming. Published researcher in computer science and active in student organizations, building practical skills in leadership, design, and project coordination.

EDUCATION

Bina Nusantara University | *Bandung, West Java* *Expected Sept 2028*

Bachelor's Degree in Computer Science, Cloud Technology Track | GPA: 3.93/4.00

Relevant coursework: Cloud Computing, Distributed Systems, Cloud Architecture, Full-Stack Web Development, Database Systems, Data Structures & Algorithms, Network Fundamentals

Participating actively in campus organizations and developing practical technical skills through leadership roles.

SMAK 1 Bina Bakti | *Bandung, West Java* *July 2024*

High School Diploma in Mathematics & Science | Overall average score: 90.88

Completed advanced coursework in science and represented in competitions such as CTMC 2023 and CHIPS 2023.

PUBLICATIONS

"Cost sensitive ordinal classification for meningitis risk stratification considering clinical aspects to minimize false negatives." Co-author. Accepted at *The 11th International Conference on Computer Science and Computational Intelligence 2026*, presentation stage. Investigated cost-sensitive ordinal classification techniques to minimize false-negative rates in meningitis risk stratification based on clinical metrics.

"Application of First-Order Markov Chain Models in Earthquake Activity Prediction." Co-author. Published in the *2026 IEEE International Conference on Instrumentation, Networks, Future Sustainability, Information Theory, Transportation, and Systems.* Explored the application of first-order Markov chain models to analyze and forecast patterns in earthquake activity in Indonesia.

LEADERSHIP & ORGANIZATIONAL EXPERIENCE

BNCC (Bina Nusantara Computer Club) | *Learning and Training Staff* *Mar 2025 – Present*

LnT Regular Class: Acted as Person in Charge (PIC) for online front-end classes, managing group chat coordination and communicating with preatorians. Prepared and managed class materials and relevant assets for the online class.

LnT Camp 2026: Led the design team as Design Coordinator. Establishing mood boards, visual logos, and social media marketing assets.

BNCC Technoscape 2026: Served as a D-Day committee member. Successfully managing event logistics and coordinating online operations via Zoom.

Lab Curiosity | *Member* *Mar 2025 – Present*

Collaborated with multidisciplinary teams to develop business models and pitch ideas for national and international competitions.

Collaborated within a multicultural team to design creative, scalable, and SDG-driven solutions addressing global challenges in GoGlobal Innovators Challenge 2025 (UK & Southeast Asia Edition).

Participated in professional training sessions focused on advanced problem-solving, teamwork, and presentation skills.

Bina Nusantara University | *Freshman Leader & Freshmen Partner* *July 2025 – Sept 2025*

Guided incoming students through university transition during the First Year Program (FYP), mentoring a group of 10 students and managing classroom activities for more than 40 participants.

Delivered instructional presentations on core institutional values (BINUS SPIRIT and BGA frameworks) and supervised a community-based tree planting project aligned with SDGs.

Awards

Top 4 Finalist, The 6th WINACTION International Business Model Canvas Competition | *International* *May 2025*

- Developed *Morive*, a compact solar-powered atmospheric water generator utilizing local moringa-seed natural filtration to address water scarcity.

Finalist, Agrivition Pekan Penalaran | *National* *December 2024*

- Designed a regenerative agricultural technology framework using drip irrigation, biochar, and vermicomposting to tackle drought and porous soil issues.

Certificates

Databases for Developers: Foundations | *Oracle Dev Gym*. Score: 98

Google Cloud Computing Foundations Certificate | *Google Skills*

UI/UX Design (LnT Regular Class 2024/2025) | *Bina Nusantara Computer Club*. Grade: High Distinction

Backend Development (LnT Regular Class 2024/2025) | *Bina Nusantara Computer Club*. Grade: Low Distinction

CAE General English C1.2 | *The British Institute (TBI)*. Score: 76.34%

SKILLS

Programming & Web: JavaScript, PHP, SQL/MySQL, C, C++, HTML/CSS, Laravel, Git/GitHub
Data & Machine Learning: Python, pandas, scikit-learn, biopython, SHAP, data preprocessing, model evaluation, data visualization
Leadership & Problem Solving: Team leadership, strategic problem-solving, project coordination, cross-functional collaboration, documentation, multitasking
Design & Tools: Figma, Canva, Visual Studio Code
Languages: Indonesian (Native), English (Advanced)
